

KÖSTER® PU Primer 120

One component PU primer for non-porous surfaces

Product Description:

Turkish product name > KÖSTER PU Primer 120

KÖSTER PU Primer 120 promotes the adhesion of polyurethane sealants to non-porous surfaces, such as rigid PVC, aluminium, glass and glazed tiles. The primer also cleans the surface from grease and activates the surface.

Advantages:

- One component
- Easy to apply
- Strong adhesion
- Dries rapidly
- Low consumption

Instructions:

Surface Preparation:

Surfaces must be clean, sound and dry. Dust, oil, grease, old coatings, laitance, efflorescence, waxes, form oil and similar contaminations should be cleaned or removed prior to application.

Application Procedure:

Using a lint free cotton cloth rub a small amount of KÖSTER PU Primer 120 to the

surface and allow to dry. After the primer is dry immediately apply the sealant.

Consumption:

KÖSTER PU Primer 120 30 – 50 ml / m²

Packaging:

KÖSTER PU Primer 120 0,25 Lt and 1 Lt tin

Shelf Life:

12 months.

Storage:

Containers must be stored at +5°C to +30°C in tightly sealed containers. Keep out of direct sunlight, protect from water and freezing.

Caution:

This product is inflammable. Store in a dry and well ventilated area in original packaging. Keep out of the reach of children.

Legal Notes : This guide has been issued to provide details regarding the use and application of our products, which can be used in very wide and various areas and to demonstrate the general technical details. This information reflects the knowledge and expertise of our company and is of recommendation nature. Especially, the details regarding implementation and final use are provided with good will to cover the storage, handling and application of our products under normal and recommended conditions. Products, application surfaces, areas and application conditions vary in practice. Therefore, it is of utmost importance to make sure you are applying the right product, at the right conditions and places. Since KÖSTER cannot check how its products are used, it does not accept any responsibility regarding the results of the application and does not provide any guarantees. Information provided here or written/verbal information provided by KÖSTER employees should solely be considered as recommendation. KÖSTER employees to visit the application area do not create any supervisor responsibilities on our part. The product users (user) should test the suitability of the product they are planning to use for the respective application and purpose. KÖSTER has the right to modify its products without announcement. Acceptance of all orders is based on our current sale and transportation terms and conditions. Users should always consider the final version of the local Technical Sheet of the respective product, which can be obtained by applying to KÖSTER.
